ARCHIVES OF

OTOLARYNGOLOGY

VOLUME 75

JANUARY THROUGH JUNE, 1962

AMERICAN MEDICAL ASSOCIATION Publication

AUTHOR AND TITLE INDEX TO VOLUME 75

In this index in alphabetical order are the names of the authors of all articles and the presenters of cases in Society Transactions, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, or scientific exhibit. Page numbers in the Index refer to bold face (dark) numbers in the text.

For Subject Index see page [125-**589**].

A

Acuff, C.: See **Kodman, F., Jr.,** jt. auth.

Aimi, K., and Takino, K.: Anomaly of first branchial cleft: report of case, *397

Allen, G. W.: Evaluation of drugs (editorial), 97

Altmann, F.: Temporal bone in osteogenesis imperfecta congenita: contribution to question of etiology of otosclerosis, *486

Anderson, J. R.: Allergy 1961, *571

Anson, B. J.: See **Sellers, L. M.,** jt. auth.

Arnold, G. E.: Vocal rehabilitation of paralytic dysphonia: VII. paralysis of superior laryngeal nerve, *549

Atkinson, M.: Migraine and Ménière's disease, *220

B

Batsakis, J. G., and Dito, W. R.: Chondrosarcoma of maxilla, *55

Benitez, J. T.; Schuknecht, H. F., and Brandenburg, J. H.: Pathologic changes in human ear after kanamycin, *192

Berry, C. A.: Man, drugs, and space flight, 468

Blackburn, E. A., Jr.: See **Cody, C. C., III,** jt. auth.

Blegvad, B.: Caloric vestibular reaction in unconscious patients, *506

Boor, S. V.: Management of serous otitis media in children, *130

Brandenburg, J. H.: See **Benitez, J. T.,** jt. auth.

Briggs, M.: See **Duncan, R. B.,** jt. auth.

Brown, E. A.: Opsiphylactic treatment of pollinosis: present state of knowledge, *542

Brown, L. A.: Slaves to antimicrobials (editorial), 95

Bucy, P. C.: See **Lang, E. R.,** jt. auth.

C

Cody, C. C., III, and Blackburn, E. A., Jr.: Parotid gland surgery, *270

Conley, J. J.: Carotid artery protection, *530

Cracovaner, A. J.: Problem of stoma construction in laryngectomy cases, 470

Culbertson, M. C., Jr., and Rember, R. R.: Blood coagulum packing in middle ear surgery, *198

D

Daly, J. F.: See **Sullivan, R. D.,** jt. auth.

Davis, H., and Glorig, A.: Audio analgesia: new problem for otologists, *498

Devine, K. D.: See **Tauxe, W. N.,** jt. auth.

Dibble, P. A., and Whelan, T. J.: Cavernous hemangioma of mandible, *114

Dito, W. R.: See **Batsakis, J. G.,** jt. auth.

Dolan, H. S.: See **Shino, G.,** jt. auth.

Dragovich, J. J.: Closure of tympanic membrane perforations, *206

Duarte, I.: See **Smith, H. W.,** jt. auth.

Duffner, G. J.: Man-made air—problems and limitations, 468

Duncan, R. B., and Briggs, M.: Treatment of uncomplicated anosmia by vitamin A, *116

Dunn, W. I., and Farrior, R. T.: Tobacco habits in oral and upper respiratory carcinoma: review of 112 cases, *245

E

Eggston, A. A.: Discussion of 42 years' experience with otolaryngological pathology, 472

Estrada, A.: See **La Ruffa, H.,** jt. auth.

F

Farrior, R. T.: See Dunn, W. I., jt. auth.

Fernández, C., and Lindsay, J. R.: Vestibular system, *276

Fine, R. M.; Rutledge, L. J., and Villemez, E. R., Jr.: Lipoid proteinosis: report of case illustrating laryngeal findings, *78

Fischer, A. J.: Traumatic rupture of cervical trachea, *525

Frable, M. A. S.: Hoarseness, symptom of premenstrual tension, *66
Oppenheimer, P., and Harrison, W.: Cerebrospinal otorrhea, *208

Fraser, H.: See Kodman, F., Jr., jt. auth.

Freeman, G. R.: See Wible, L. E., jt. auth.

G

Gandhi, K., and Oppenheimer, P.: Emergency carotid ligation, *451

Glorig, A.: See Davis, H., jt. auth.

Godlowski, Z. Z.: Endocrine function of submaxillary glands, *346

Goodale, R. L., and Montgomery, W. W.: Five years' experience with osteoplastic frontal sinus operation, 474

Graham, J. T., and Newby, H. A.: Acoustical characteristics of tinnitus: analysis, *162

Greenberg, S. D., and Willms, R. K.: Tracheal prostheses: experimental study in dogs, *335

Greenspan, R. H.: See Yanagisawa, E., jt. auth.

Guraieb, S. R.: See Vieta, L. J., jt. auth.
and Vieta, L. J.: Carcinoma in thyroglossal cyst: report of case, *457

H

Haase, F. R., and Noguera, J. T.: Hemostasis in tonsillectomy by electrocautery, *125

Hall, M.: See Macbeth, R., jt. auth.

Hara, H. J.: Severe epistaxis, *258

Harbert, F.; Wagner, S., and Young, I. M.: Quantitative measurement of taste function, *138

Harpman, J. A.: Management of epistaxis other than from Little's area, *254

Harris, H. H.: Deficits in irradiation therapy for carcinoma of larynx followed by surgery, 473

Harrison, W.: See Frable, M. A., jt. auth.

Heck, W. E.: Historic gavels: chronology of Section on Laryngology, Otology, and Rhinology, *465

SUBJECT INDEX TO VOLUME 75

The following Index contains an alphabetical list of significant subjects presented in this volume. Books reviewed are indexed alphabetically by title under the heading "BOOKS." Society Transactions are listed under that heading with individual papers indexed under appropriate headings. Obituaries are indexed under the heading "DEATHS." The asterisk (*) preceding the page number indicates an original article, case report, special article, review article, or scientific exhibit. Page numbers in the index refer to bold face (dark) numbers in the text.

A

Abscess
chronic, of petrous apex [Pulec & Williams], *419

Acoustics
characteristics, acoustical, of tinnitus [Graham & Newby], *162

Adenoids
electrocautery in tonsil and, surgery [Johnson], *127

Air
man-made: problems and limitations [Duffner], 468

Alcoholism
tipsy and drunken drivers (editorial) [Shambaugh], 485

Allergy
1961 [Anderson], *571
opsiphylactic treatment of pollinosis [Brown], *542

American Board of Otolaryngology
examination, 90
specialists certified by, 91

American Equilibration Society
annual meeting, Chicago, Feb. 1962, 90

American Medical Association
historic gavels: chronology of Section on Laryngology, Otology, and Rhinology [Heck], *465
Section on Laryngology, Otology, and Rhinology: annual meeting program, 480, 574

Analgesia
audio: new problem for otologists [Davis & Glorig], *498
audio: otologist's responsibility in (editorial) [Lawrence], 293

Anesthesia, general
bronchoscopy under: simplified safe method [Pang], *342

ANNOUNCEMENTS, 90, 184, 280, 381, 480, 574

Anosmia
treatment of uncomplicated, by vitamin A [Duncan & Briggs], *116

Antimicrobials
slaves to (editorial) [Brown], 95

Antineoplastic agents
head and neck oncology advances for 1961: present status of chemotherapy [Novack], *477

APPARATUS AND INSTRUMENTS
baffle, external, for tracheostomy cannula [Scott & Thur], *238
electronic synchron-stroboscope: its value for practicing larygologist [von Leden], 475
plastic compound: chin implants with newer [Parkes], *429
wound suction equipment: closed wound suction in head and neck surgery [von Leden & Kaplan], *103

ARCHIVES OF OTOLARYNGOLOGY
aims of (editorial) [Editorial Board], 191

Arteriosclerosis
characteristic changes of vestibular reactions in [Török], *201

Audio analgesia: See Analgesia, audio

Audiometry
collapse of ear canal during [Hildyard & Valentine], *422
speech: particular regard to, in reevaluation of results in tympanoplasty [Pfaltz et al.], *405

Automobile accidents
prevention and care of automobile injuries and deaths: role of otolaryngologist [Woodward], *536
tipsy and drunken drivers (editorial) [Shambaugh], 485

AWARDS
American Academy of Ophthalmology and Otolaryngology exhibit awards, 90
Canadian Otolaryngological Society annual award, 90
Central Bureau of Research grants available, 381
Gould Foundation Award to Julius Berendes, 575

B

Baffle
external, for tracheostomy cannula [Scott & Thur], *238

Biopsy
transpharyngeal needle: use in diagnosis of lesions of cervical vertebrae [White], *460

Blood
coagulum packing in middle ear surgery [Culbertson & Rember], *198

BOOKS
Clinical Applications of Bronchology [Kassay], 283
Color Atlas of Oral Pathology [Colby et al.], 281
Diagnostic Stomatology: Clinical Pathological Approach [Cheraskin], 94
Experiments in Hearing [von Bekesy], 93
Hearing and Deafness [Davis & Silverman], 284
Ménière's Original Papers [Atkinson], 577
New Opportunities for Deaf Children [Ewing & Ewing], 285
Oral Medicine, [Burket], 281
Psychology of Deafness: Sensory Deprivation, Learning, and Adjustment [Myklebust], 283
Speech Science: Acoustics in Speech [Hoops], 284
Die Stroboskopie in der praktischen Laryngologie [Schönhärl], 284
Through the Barriers of Deafness [Morkovin ed.], 285

Branchial region
anomaly of first branchial cleft [Aimi & Takino], *397

British Academic Conference in Otolaryngology
First: Royal College of Surgeons of England, London, June 1963, 381

Bronchi
bronchoesophagology—1961 [Putney], *377
cancer, bronchial and laryngeal: study of double primary malignancy [Holinger et al.], 473
rupture of bronchus [Vonfraenkel], *437

Bronchoscopy
under general anesthesia: simplified safe method [Pang], *342

Buerger's disease: See Thromboangiitis obliterans

C

Calcium leucovorin
intramuscular administration of: treatment of head and neck cancer with intermittent [Sullivan & Daly], 469

Cancer
head and neck: treatment of, with arterial infusion of methotrexate and intramuscular administration of calcium leucovorin [Sullivan & Daly], 469

Cancer—continued
laryngeal and bronchial: study of double primary malignancy [Holinger et al.], 473

Carbohydrate metabolism
endocrine function of submaxillary glands [Godlowski], *346

Carcinoma
larynx: deficits in irradiation therapy for, followed by surgery [Harris], 473
larynx: histological method for study of spread within larynx of [Tucker], 468
oral and upper respiratory: tobacco habits in [Dunn & Farrior], *245
postcricoid region: treatment of [Zerdes], *239
respiratory passages: adenoid cystic carcinoma arising in upper [Tauxe et al.], *364
thyroglossal cyst [Guraieb & Vieta], *457

Carotid arteries
emergency carotid ligation [Gandhi & Oppenheimer], *451
protection [Conley], *530

Cerebrospinal fluid
otorrhea [Frable et al.], *208
otorrhea [Lang & Bucy], *415

Chemotherapy: See Antineoplastic agents

Children
otitis media in: management of serous [Boor], *130

Chin
implants with newer plastic compound [Parkes], *429

Chondrosarcoma
of maxilla [Batsakis & Dito], *55

Citrovorum factor: See Calcium leucovorin

Cochlea
experimental tobacco poisoning: resultant structural modification of [Maffei & Miani], *386

Congresses: See under POSTGRADUATE EDUCATION

Correspondence: See LETTERS TO THE EDITOR

Cough
external baffle for tracheostomy cannula: protection of personnel from contamination by coughed secretions [Scott & Thur], *238

Cylindromas
century of: adenoid cystic carcinomas arising in upper respiratory passages [Tauxe et al.], *364

Cysts
thyroglossal cyst: carcinoma in [Guraieb & Vieta], *457

Cytology
sensory cells of membranous labyrinth: submicroscopic structure and innervation [Iurato], *312

D

Deafness
hereditary, in Dalmation dog [Hudson & Ruben], *213
hereditary nerve: follow-up of four cases in one family [Williams & Roblee], *69
sensory neural, 1959-1960 [Perlman], *176
sudden, due to Buerger's disease [Kirikae et al.], *502

Deaths
automobile injuries and: role of otolaryngologist in prevention and care of [Woodward], *536

DEATHS
Ferreri, Giorgio, 279
Seydell, Ernest M., 183

Dihydrostreptomycin
streptomycin sulfate and, toxicity [McGee & Olszewski], *295

DIRECTORY OF OTOLARYNGOLOGICAL SOCIETIES, 188, 286, 382, 482, 580

Disabilities
resulting from healed salivary fistula [Kirchner & Scatliff], *46

Dog, Dalmation
hereditary deafness in [Hudson & Ruben], *213

Drugs
evaluation of (editorial) [Allen], 97
man, drugs, and space flight [Berry], 468

Dysphonia, paralytic
vocal rehabilitation of: paralysis of superior laryngeal nerve [Arnold], *549

E

Ear
canal: collapse of, during audiometry [Hildyard & Valentine], *422
canal: mixed tumors of external auditory [Smith & Duarte], *108
canal reconstruction in surgery for chronic ear [Palva], *329
discharge: See Otorrhea
eustachian tube: See Eustachian tube
internal: See Labyrinth
middle: See also Tympanic membrane
middle: anatomical observations concerning structure of round window of ear and secondary tympanum by A. Scarpa [Sellers & Anson, ed.], *8
middle: management of serous otitis media in children [Boor], *130

Ear—continued
middle: reevaluation of results in tympanoplasty [Pfaltz et al.], *405
middle, surgery: blood coagulum packing in [Culbertson & Rember], *198
pathologic changes in human, after kanamycin [Benitez et al.], *192

EDITORIALS
aims of ARCHIVES [Editorial Board], 191
Cumulative Index Medicus, 95
evaluation of drugs [Allen], 97
otologist's responsibility in "audio analgesia" [Lawrence], 293
plastic surgery "advertising", 1
quality and cost of medical care, 294
rating of permanent impairment, 385
slaves to antimicrobials [Brown], 95
tipsy and drunken drivers [Shambaugh], 485

Education
hearing conservation: educational factor [Kodman et al.], *226

Electrocautery
hemostasis in tonsillectomy by [Haase & Noguera], *125
in tonsil and adenoid surgery [Johnson], *127

Epistaxis
management of, other than from Little's area [Harpman], *254
severe [Hara], *258

Esophagus
bronchoesophagology—1961 [Putney], *377
reconstruction: treatment of carcinoma of postcricoid region [Zerdes], 239

Eustachian tube
experimental tobacco poisoning: resultant structural modification of tuba acustica [Maffei & Miani], *386

F

Fascia
covering, fascial, of oval window after stapedectomy [Storrs], *401

Fenestra ovalis
fascial covering of oval window after stapedectomy [Storrs], *401

Fenestra rotunda
anatomical observations on round window by Antonio Scarpa [Sellers & Anson, ed.], *2

Fenestration
surgery: suggested modification in Shambaugh-Carhart formula [Miller & Polisar], *156

Fibromatous polyp
of vestibule: complication of stapedectomy [Pratt & Winchester], *98

Fistula
salivary: disabilities resulting from healed [Kirchner & Scatliff], *46

Foreign body
in Wharton's duct [Walker], *274

Fractures
of zygomatic arch: unrecognized sign [Yanagisaw & Greenspan], *424

Frontal sinus
osteoplastic, operation: five years' experience with [Goodale & Montgomery], 474

G

Genetics
deafness, hereditary, in Dalmation dog [Hudson & Ruben], *213
nerve deafness, hereditary: follow-up of four cases in one family [Williams & Roblee], *69

George M. Coates Memorial Lecture
at Philadelphia Laryngological Society, February, 1962, 185

Grafts and grafting
fascial covering of oval window after stapedectomy [Storrs], *401

Grants: See under Awards

H

Head
cancer: treatment of, with continuous arterial infusion of methotrexate and intermittent intramuscular administration of calcium leucovorin [Sullivan & Daly], 469
oncology advances for 1961: neck and [Novack], *477
surgery: closed wound suction in neck and [von Leden & Kaplan], *103

Headache
migraine and Ménière's disease [Atkinson], *220

Hearing: See also Tinnitus
audio analgesia: new problem for otologists [Davis & Glorig], *498
audio analgesia: otologist's responsibility in (editorial), [Lawrence], 293
conservation: medical, educational, social, and psychological factors [Kodman et al.], *226
defects, suspected, in phenylketonuria [Little], *515

Hemangioma
cavernous hemangioma of mandible [Dibble & Whelan], *114

Hemostasis
in tonsillectomy by electrocautery [Haase & Noguera], *125

Histological techniques
method for study of spread within larynx of carcinoma [Tucker], 468

Historic gavels
chronology of Section on Laryngology, Otology, and Rhinology [Heck], *465

Hoarseness
symptom of premenstrual tension [Frable], *66

Hypophysectomy
as rhinological procedure [Macbeth & Hall], *440

K

Kanamycin
pathologic changes in human ear after [Benitez et al.], *192

L

Labyrinth: See also Cochlea, Ménière's disease, Vestibular apparatus
sensory cells of membranous: submicroscopic structure and innervation [Iurato], *312

Laryngeal nerve
paralysis of superior: vocal rehabilitation of paralytic dysphonia [Arnold], *549
surgical decompression of recurrent, in idiopathic unilateral vocal cord paresis [Ogura], 471

Laryngology
electronic synchron-stroboscope: its value for practicing laryngologist [von Leden], 475

Larynx
autograft treatment of carcinoma of postcricoid region [Zerdes], *239
cancer, laryngeal and bronchial: study of double primary malignancy [Holinger et al.], 473
carcinoma: deficits in irradiation therapy for, followed by surgery [Harris], 473
carcinoma: histological method for study of spread within larynx [Tucker], 468
lipoid proteinosis: case illustrating laryngeal findings [Fine et al.], *78
sarcoma of [Norris & Peale], 476
stoma construction in laryngectomy cases problem of [Cracovaner], 470

LETTERS TO THE EDITOR
"nonsurgical temperomandibular joint syndrome" [Costen], 181
"nonsurgical temporomandibular joint syndrome" [Schiredon & Robinson], 181
"progressive deafness" [Bienas], 181

Lipoid proteinosis
case illustrating laryngeal findings [Fine et al.], *78

Little's area: See under Nose

M

Mandible: See also Chin
cavernous hemangioma of [Dibble & Whelan], *114

Mastoid: See also Temporal bone
new mastoid obliteratory procedure: tympanoacryloplasty [Mahoney], *519

Maxilla
chondrosarcoma of [Batsakis & Dito], *55

Ménière's disease
migraine and [Atkinson], *220

Menstruation
hoarseness, symptom of premenstrual tension [Frable], *66

Methotrexate
arterial infusion of: treatment of head and neck cancer with continuous [Sullivan & Daly], 469

Microscopy
sensory cells of membranous labyrinth: submicroscopic structure and innervation [Iurato], *312

Migraine
Ménière's disease and [Atkinson], *220

Mouth
carcinoma: tobacco habits in oral and upper respiratory [Dunn & Farrior], *245

N

Neck
anomaly of first branchial cleft [Aimi & Takino], *397
cancer: treatment of, with continuous arterial infusion of methotrexate and intermittent intramuscular administration of calcium leucovorin [Sullivan & Daly], 469
carcinoma in thyroglossal cyst [Guraieb & Vieta], *457
oncology advances for 1961: head and [Novack], *477
rupture, traumatic, of cervical trachea [Fischer], *525
surgery: closed wound suction in head and [von Leden & Kaplan], *103
vertebrae, cervical: transpharyngeal needle biopsy use in diagnosis of lesions of [White], *460

Nerve endings
hereditary nerve deafness [Williams & Roblee], *69
sensory cells of membranous labyrinth: submicroscopic structure and innervation [Iurato], *312
sensory neural deafness 1959-1960 [Perlman], *176

NEWS AND COMMENT, 90, 184, 280, 381, 480, 574

Nose
anosmia: treatment of uncomplicated, by vitamin A [Duncan & Briggs], *116
epistaxis management other than from Little's area [Harpman], *254
hypophysectomy as rhinological procedure [Macbeth & Hall], *440

Nosebleeds: See Epistaxis

O

Opsiphylactic treatment
of pollinosis: present state of knowledge [Brown], *542

Osteogenesis imperfecta
congenita: temporal bone in [Altmann], *486

Osteoplasty
frontal sinus operation: five years' experience with osteoplastic [Goodale & Montgomery], 474

Otitis media
management of serous, in children [Boor], *130

Otolaryngology
historic gavels: chronology of Section on Laryngology, Otology, and Rhinology [Heck], *465
pathology, otolaryngological: discussion of 42 years' experience with [Eggston], 472
responsibility of otolaryngologist in prevention and care of automobile injuries and deaths [Woodward], *536

Otorrhea
cerebrospinal fluid [Lang & Bucy], *415
cerebrospinal [Frable et al.], *208

Otosclerosis
advances in, during 1960 [Hough], *81
contribution to etiology of: temporal bone in osteogenesis imperfecta congenita [Altmann], *486
surgery: See Fenestration

Oval window: See Fenestra ovalis

P

Palate
reconstruction technique [La Ruffa et al.], *231
rhabdomyosarcoma-type botryoides of uvula and soft [Vieta et al.], *248

Paralysis, vocal cord: See Vocal cord paralysis

Parotid gland
lesions: trends in management of [Shino & Dolan], 472
surgery [Cody & Blackburn], *270

Pathology
changes, pathologic, in human ear after kanamycin [Benitez et al.], *192
otolaryngological: discussion of 42 years' experience with [Eggston], 472

Petrous bone
chronic abscess of petrous apex [Pulec & Williams], *419

Pharynx
postcricoid region: treatment of carcinoma of [Zerdes], *239
transpharyngeal needle biopsy [White], *460

Phenylketonuria
suspected hearing defects in [Little], *515

Plastic surgery
chin implants with newer plastic compound [Parkes], *429
ear canal reconstruction in surgery for chronic ear [Palva], *329
palate reconstruction technique [La Ruffa et al.], *231

Plastics
chin implants with newer plastic compound [Parkes], *429

Poisoning
streptomycin sulfate and dihydrostreptomycin toxicity [McGee & Olszewski], *295
tobacco, experimental: resultant structural modifications of cochlea and tuba acustica [Maffei & Miani], *386

Pollen
opsiphylactic treatment of pollinosis [Brown], *542

Polyp
fibromatous, of vestibule: complication of stapedectomy [Pratt & Winchester], *98

Postcricoid region: See under Pharynx

POSTGRADUATE EDUCATION
American Academy of Ophthalmology and Otolaryngology: home study courses, 575
American Equilibration Society: annual meeting, Chicago, Feb. 1962, 90
American Medical Association Section on Laryngology, Otology, and Rhinology: annual meeting program, 480, 574
American Rhinologic Society and St. Michael Hospital, Milwaukee: course in nasal surgery, May 1962, 280
British Academic Conference in Otolaryngology, First: Royal College of Surgeons of England, London, June 1963, 381
Colby College: Institute on Occupational Hearing Loss, Aug. 1962, 575
Gill Memorial Eye, Ear, and Throat Hospital annual Spring Congress, April 1962, 184, 280
Hansel Foundation course in medical otolaryngology, 90, 184, 280, 381

POSTGRADUATE EDUCATION—continued
Jackson Wyoming: postgraduate course in allergy and related endocrinological problems held at, 280
Manhattan Eye, Ear and Throat Hospital: international symposium on plastic surgery of eye, New York, May 1962, 91
Montefiore Hospital, Pittsburgh: course in modern concepts of allergy and clinical immunology, May 1962, 280
Mount Sinai Hospital, New York, and Columbia University: postgraduate courses, 90, 184
National Institutes of Health, Bethesda: otolaryngology training conference summary available, 91
New York Eye and Ear Infirmary Alumni Association: annual spring meeting, April 1962, 91
Pan-Pacific Surgical Association: otolaryngological program at Ninth Congress; and First Pan-Pacific Mobile Educational Lecture Seminary Nov. 1963, 184, 280, 381, 480, 575
Research Study Club: 32nd annual midwinter clinical convention, 575
University of Bordeaux, France: functional otological microsurgery postgraduate course, 576
University of Illinois College of Medicine, Department of Otolaryngology: annual otolaryngologic assembly, 575
University of Illinois College of Medicine, Department of Otolaryngology: postgraduate course in laryngology and bronchoesophagology, 91, 184
University of Michigan Medical Center: annual otorhinolaryngology conference, April 1962, 91, 184, 280
University of Pennsylvania: course in otolaryngology, bronchoesophagology, and laryngeal surgery, 91, 184

Premenstrual tension
hoarseness, symptom of [Frable], *66

PROGRESS REPORT
advances in otosclerosis during 1960 [Hough], *81
allergy 1961 [Anderson], *571
bronchoesophagology—1961 [Putney], *377
head and neck oncology advances for 1961: present status of chemotherapy [Novack], *477
sensory neural deafness 1959-1960 [Perlman], *176
vestibular system [Fernández & Lindsay], *276

Prostheses
tracheal [Greenberg & Willms], *335

Psychology
hearing conservation: psychological factor [Kodman et al.], *226

R

Respiratory tract
adenoid cystic carcinomas arising in upper respiratory passages: century of cylindromas [Tauxe et al.], *364
carcinoma: tobacco habits in oral and upper [Dunn & Farrior], *245

Rhabdomyosarcoma
-type botryoides of uvula and soft palate [Vieta et al.], *248

Roentgen rays
deficits in irradiation therapy for carcinoma of larynx followed by surgery [Harris], 473

Round window: See Fenestra rotunda

S

Salivary fistula
disabilities resulting from healed [Kirchner & Scatliff], *46

Sarcoma
larynx [Norris & Peale], 476

Scarpa, Antonio
anatomical observations on round window by [Sellers & Anson, ed.], *16

Shambaugh-Carhart formula
suggested modification in [Miller & Polisar], *156

Smell
anosmia: treatment of uncomplicated, by vitamin A [Duncan & Briggs], *116

Social conditions
hearing conservation: social factor [Kodman et al.], *226

SOCIETY TRANSACTIONS
American Laryngological Association, 468

Space flights
man, drugs, and [Berry], 468

Speech: See also Voice
audiometry: particular regard to, in reevaluation of results in tympanoplasty [Pfaltz et al.], *405

Spine
transpharyngeal needle biopsy: use in diagnosis of lesions of cervical vertebrae [White], *460

Stapes
complication of stapedectomy: fibromatous polyp of vestibule [Pratt & Winchester], *98
fascial covering of oval window after stapedectomy [Storrs], *401

Streptomycin sulfate
dihydrostreptomycin and, toxicity [McGee & Olszewski], *295

Stroboscope
electronic synchron-stroboscope: its value for practicing laryngologist [von Leden], 475

Submaxillary glands
endocrine function of [Godlowski], *346
Wharton's duct: foreign body in [Walker], *274

Suction
closed wound, in head and neck surgery [von Leden & Kaplan], *103

T

Taste
function: quantitative measurement of [Harbert et al.], *138

Temperature, cold
caloric vestibular reaction in unconscious patients [Blegvad], *506

Temporal bone: See also Mastoid
in osteogenesis imperfecta congenita [Altmann], *486

Thromboangiitis obliterans
sudden deafness due to Buerger's disease [Kirikae et al.], *502

Thyroglossal cyst
carcinoma in [Guraieb & Vieta], *457

Thyroid gland
lingual [Wible & Freeman], *168

Tinnitus
acoustical characteristics of tinnitus [Graham & Newby], *162

Tobacco
habits in oral and upper respiratory carcinoma [Dunn & Farrior], *245
poisoning, experimental: resultant structural modifications of cochlea and tuba acustica [Maffei & Miani], *386

Tongue
lingual thyroid [Wible & Freeman], *168

Tonsillectomy
hemostasis in, by electrocautery [Haase & Noguera], *125

Tonsils
crypt system of palatine [Kassay & Sandor], *144
electrocautery in adenoid and, surgery [Johnson], *127

Trachea
prostheses, tracheal [Greenberg &
stoma: problem of, construction in laryngectomy cases [Cracovaner], 470 Willms], *335
traumatic rupture of cervical [Fischer], *525

Tracheostomy
external baffle for, cannula [Scott & Thur], *238
stenosis of tracheostoma [Montgomery], *62

Tuba acustica: See Eustachian tube

Tumors
head and neck oncology advances for 1961: present status of chemotherapy [Novack], *477
mixed, of external auditory canal [Smith & Duarte], *108

Tympanic membrane
closure of, perforations [Dragovich], *206

Tympanoacryloplasty
new mastoid obliteratory procedure [Mahoney], *519

Tympanoplasty
reevaluation of results in [Pfaltz et al.], *405

Tympanum: See Ear, middle

U

Unconsciousness
caloric vestibular reaction in unconscious patients [Blegvad], *506

U.S. Public Health Service
literature on venereal disease, 480

Uvula
rhabdomyosarcoma-type botryoides of soft palate and [Vieta et al.], *248

V

Venereal disease
literature on, 480

Vertebrae: See Spine

Vestibular apparatus: See also Labyrinth
characteristic changes of vestibular reactions in arteriosclerosis [Török], *201
fibromatous polyp of vestibule: complication of stapedectomy [Pratt & Winchester], *98
system [Fernández & Lindsay], *276

Vestibular nerve
caloric vestibular reaction in unconscious patients [Blegvad], *506

Vitamins
A: treatment of uncomplicated anosmia by [Duncan & Briggs], *116

Vocal cord
paralysis of superior laryngeal nerve: vocal rehabilitation of paralytic dysphonia [Arnold], *549
paresis: surgical decompression of recurrent laryngeal nerve in idiopathic unilateral [Ogura], 471

Voice
changes: hoarseness, symptom of premenstrual tension [Frable], *66
rehabilitation, vocal, of paralytic dysphonia: paralysis of superior laryngeal nerve [Arnold], *549

W

Wharton's duct
foreign body in [Walker], *274

Wounds and injuries
automobile injuries and deaths: role of otolaryngologist in prevention and care of [Woodward], *536
closed wound suction in head and neck surgery [von Leden & Kaplan], *103
traumatic rupture of cervical trachea [Fischer], *525
zygomatic arch fractures: unrecognized sign [Yanagisaw & Greenspan], *424

Z

Zygoma
fractures of zygomatic arch: unrecognized sign [Yanagisawa & Greespan], *424

AUTHOR AND TITLE INDEX TO VOLUME 76

In this index in alphabetical order are the names of the authors of all articles and the presenters of cases in Society Transactions, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, or scientific exhibit. Page numbers in the Index refer to bold face (dark) numbers in the text.

For Subject Index see page [126-596].

A

Alberti, P. W. R. M.: Greater auricular nerve: donor for facial nerve grafts: note on its topographical anatomy, *422 (N)

Anson, B. J.: See Hanson, J. R., jt. auth.
See Strickland, E. M., jt. auth.

Ariagno, R. P.: Four years of ultrasound in Ménière's disease, *18 (Jl)

SUBJECT INDEX TO VOLUME 76

The following Index contains an alphabetical list of significant subjects presented in this volume. Books reviewed are indexed alphabetically by title under the heading "Books." Society Transactions are listed under that heading with individual papers indexed under appropriate headings. Obituaries are indexed under the heading "Deaths." The asterisk (*) preceding the page number indicates an original article, case report, special article, review article, or scientific exhibit. Page numbers in the index refer to bold face (dark) numbers in the text.

A

Abscess
cerebral, after obliterative mastoid operation [Beales], *123 (Ag)

Adolescence
voice reeducation adolescents with vocal nodules [Wilson], *68 (Jl)

Advertising
medical, in lay press [Editorial Board of Archives], 1 (Jl)

Allergy
forward [Williams], 489 (D)
management of clinical (editorial) [Shambaugh], 487 (D)
management of clinical: general considerations [Rinkel], *491 (D)
sinusitis in children with bronchiectasis: influence of allergy on its development [Szpunar & Okrasinska], *352 (O)

American Medical Association
current film catalog available, 476 (N)

Amyloid substance
primary amyloid tumor [Kronschnabel & Landis], *233 (S)

Anesthesia
endotracheal: removal of benign lesions of larynx under [Suehs], 578 (D)

Angiofibroma
nasopharyngeal: removal with hypothermia [Pressman], *167 (Ag)
paranasal juvenile [Hora & Brown], *457 (N)

Announcements, 94 (Jl), 193 (Ag), 288 (S), 382 (O), 476 (N), 585 (D)

Antibiotics
first effective viral (editorial) [Shambaugh], 198 (S)

Antimicrobials
respiratory infections and antimicrobial therapy [Saunders], *188 (Ag)

Aphonia
psychiatric disease and functional dysphonia and [Guze & Brown], *84 (Jl)

Apparatus and Instruments
audiofrequency converter: aid for rehabilitation in neurosensory hearing loss [Raymond & Proud], *436 (N)
Békésy audiometry in nonorganic auditory problems [Resnick & Burke], *38 (Jl)
polyethylene-stainless steel core in middle ear surgery [Bluestone], *303 (O)
portable pup-show: further modification of pup-show [Sullivan et al.], *49 (Jl)
prefabricated wire loop-Gelfoam stapedectomy [House], *298 (O)

Arteriosclerosis
atheromatous changes in human internal carotid artery [Radpour et al.], *261 (S)

Athyreosis
lingual thyroid with cervical [Rosedale], *555 (D)

Atmospheric pressure
barotraumatic cyst of frontal sinus [Bosley & Butler], *88 (Jl)

Audiofrequency converter
aid to rehabilitation in neurosensory hearing loss: audiofrequency conversion [Raymond & Proud], *436 (N)

Audiology: See Hearing

Audiometry
Békésy, in nonorganic auditory problems [Resnick & Burke], *38 (Jl)
portable pup-show: further modification of pup-show [Sullivan et al.], *49 (Jl)

Auditory ossicles: See Ear, ossicles

Auricular nerve
greater: donor for facial nerve grafts [Alberti], *422 (N)

Awards
Casselberry Award to Hans von Leden, 288 (S), 476 (N)
Newcomb Award of American Laryngological Association to Paul H. Holinger, 288 (S)

B

Bacteria
microbiology of external otitides in Puerto Rico [Reichard et al.], *7 (Jl)

Békésy audiometry: See Audiometry

Bone and bones: See also specific bones
infectious osteonecrosis of maxilla [Johnson et al.], *558 (D)

BOOKS
Bronchitis: International Symposium [Orie & Sluiter], 479 (N)
Lehrbuch der Stimm- under Sprachheilkunde: Textbook on Medical Care of Voice and Speech [Luchsinger & Arnold], 478 (N)
Otosclerosis: Henry Ford Hospital International Symposium [Schuknecht], 384 (O)
Psychology of Castrato Voice [Moses], 479 (N)
Stapes Surgery for Otosclerosis [Goodhill], 383 (O)
Vocal Rehabilitation: Manual for Use of Graduates in Medicine [Brodnitz], 477 (N)

Brain
abscess, cerebral, after obliterative mastoid operation [Beales], *123 (Ag)
influence, cortical, on vestibular apparatus [Silverstein], *158 (Ag)
lesions, intracranial, and auditory function [Parker et al.], *425 (N)
thrombophlebitis, cerebral: circumscribed, benign [Benciolini], *398 (N)

Branchial region
branchial sources of auditory ossicles in man: embryonic stages from 7 mm. to 28 mm. [Hanson et al.], *200 (S)
branchial sources of auditory ossicles in man: literature [Strickland et al.], *100 (Ag)

Bronchiectasis
sinusitis in children with [Szpunar & Okrasinska], *352 (O)

C

Cancer
larynx: cancerogenic effect of x-ray on [Wlodyka], *372 (O)
prevention (editorial) [Shambaugh], 293 (O)

Carcinoma
nose: surgical treatment of [Converse & Smith], 580 (D)
parotid gland: epithelial malignancies of [McCabe & Boles], 577 (D)
trachea [Frable & Wheelock], *174 (Ag)

Carotid arteries
atheromatous changes in human internal [Radpour et al.], *261 (S)
replacement of, with prosthetic graft [Rella et al.], *550 (D)

Carotid arteries—continued
value of palpation of [Poushter], *460 (N)

Cerebral cortex
influence, cortical, on vestibular apparatus [Silverstein], *158 (Ag)

Children
management of benign laryngeal tumors in [O'Neal & McGee], 578 (D)
paranasal juvenile angiofibroma [Hora & Brown], *457 (N)
sinusitis in, with bronchiectasis [Szpunar & Okrasinska], *352 (O)

Cholesteatoma
otitis media and complications 1961 [Dysart], *279 (S)

Choristoma
salivary gland, of middle ear [Steffen & House], *74 (Jl)

CORRECTIONS, 191 (Ag), 289 (S)

Correspondence: See LETTERS TO EDITOR

Corticoids
intranasal injections of long-acting corticosteroids [Baker & Strauss], 579 (D)

Corticotropin
in lethal granuloma of nose and face [Hagens], *183 (Ag)

Cortisone
idiopathic paresis of recurrent laryngeal nerve: new treatment with cortisone preparations [Miodoński], *275 (S)

Cysts
barotraumatic cyst of frontal sinus [Bosley & Butler], *88 (Jl)

D

Deafmutism
deafmute with two congenital syndromes [Stoller], *42 (Jl)

Deafness: See also Hearing, loss
with sporadic goiter: Pendred's syndrome [Batsakis & Nishiyama], *401 (N)

DEATHS
Sourdille, Maurice, 192 (Ag)
Weber, Moritz, 584 (D)

Diagnosis
chronic ear: unorthodox view [McGuckin], *216 (S)
etiology and, of vertigo [Bernstein], *329 (O)

DIRECTORY OF OTOLARYNGOLOGICAL SOCIETIES, 96 (Jl), 194 (Ag), 290 (S), 386 (O), 484 (N), 586 (D)

Dysphonia
functional, and aphonia: psychiatric disease and [Guze & Brown], *84 (Jl)

Dysphonia—continued
paralytic: vocal rehabilitation of [Arnold], *76 (Jl), *358 (O)

E

Ear
chronic [McGuckin], *216 (S)
eustachian tube: See Eustachian tube
external meatus skin used in treatment of otitis media: one-stage and two-stage tympanoplasty [Miodonski], *2 (Jl)
external: microbiology of external otitides in Puerto Rico [Reichard et al.], *7 (Jl)
inner: changes produced by kanamycin [Reddy & Igarashi], *146 (Ag)
middle: See also Tympanic membrane
middle: idiopathic hemotympanum—fact or fancy? [Armstrong & Nash], *447 (N)
middle: salivary gland choristoma of [Steffen & House], *74 (Jl)
middle, surgery: fat graft in [Ringenberg & Fornatto], *407 (N)
middle, surgery: malleolostapedial transportation in [Rubinstein et al.], *323 (O)
middle, surgery: polyethylene-stainless steel core in [Bluestone], *303 (O)
one-stage endaural musculotympanoplasty [Frerichs & Williams], *23 (Jl)
ossicles: See also Stapes
ossicles: branchial sources of auditory ossicles in man: embryonic stages from 7 mm. to 28 mm. [Hanson et al], *200 (S)
ossicles: branchial sources of auditory ossicles in man: literature [Strickland et al.], *100 (Ag)
Teflon piston operation for otosclerosis [Shea et al.], *516 (D)
threshold shift, temporary, in normal and abnormal ears [Sataloff et al.], *52 (Jl)

EDITORIALS
cancer prevention [Shambaugh], 293 (O)
doctors, public, and King-Anderson Bill [Shambaugh], 197 (S)
external cardiac massage [Shambaugh], 99 (Ag)
first effective viral antibiotic [Shambaugh], 198 (S)
influenza vaccine [Shambaugh], 487 (D)
"letters to editor", 99 (Ag)
management of clinical allergy [Shambaugh], 487 (D)
medical "advertising" in lay press [Editorial Board of Archives], 1 (Jl)
radiation fallout hazard in peace time [Shambaugh], 389 (N)
research into viral etiology of colds, 199 (S)

EDITORIALS—continued
"suggestions to authors" [Shambaugh], 294 (O)

Embryo
branchial sources of auditory ossicles in man: embryonic stages from 7 mm. to 28 mm. [Hanson et al.], *200 (S)
branchial sources of auditory ossicles in man: literature [Strickland et al.], 100 (Ag)

Epiglottitis
acute [Matteson], *465 (N)

Epithelium
malignancies, epithelial, of parotid gland [McCabe & Boles], 577 (D)

Eustachian tube
closed: tympanoplasty today [Wullstein], *295 (O)

F

Face
corticotropin in lethal granuloma of nose and [Hagens], *183 (Ag)

Facial nerve
grafts: greater auricular nerve donor for [Alberti], *422 (N)
operative injury to [Rulon & Hallberg], *131 (Ag)
paralysis and mastoiditis [Steinberg et al.], *222 (S)

Fascia
tegmental fascia grafts: stapedectomy and tympanoplasty [Farrior], *338 (O)

Fats
graft, fat, in middle ear surgery [Ringenberg & Fornatto], *407 (N)

Footplate area: See under Stapes

Fractures
reduction of zygomatic arch fracture [Yanagisawa & Reichensperger], *355 (O)

Frequency converter: See Audiofrequency converter

Frontal sinus
barotraumatic cyst of [Bosley & Butler], *88 (Jl)

Fungi
microbiology of external otitides in Puerto Rico [Reichard et al.], *7 (Jl)
superinfection with: respiratory infections and antimicrobial therapy [Saunders], 189 (Ag)

G

Gelfoam
prefabricated wire loop-Gelfoam stapedectomy [House], *298 (O)

Genetics
deafness with sporadic goiter: Pendred's syndrome [Batsakis & Nishiyama], *401 (N)
hereditary hemorrhagic telangiectasia [Saunders], *245 (S)

Glottis: See also Vocal cords
rehabilitation of airway system by regional flap transposition [Conley], 575 (D)

Goiter
deafness with sporadic: Pendred's syndrome [Batsakis & Nishiyama], *401 (N)

Grafts and grafting: See also Skin transplantation
donor for facial nerve grafts: greater auricular nerve [Alberti], *422 (N)
fat graft in middle ear surgery [Ringenberg & Fornatto], *407 (N)
prosthetic graft: replacement of carotid arteries with [Rella et al.], *550 (D)
rehabilitation of airway system by regional flap transposition [Conley], 575 (D)
tegmental fascia grafts: stapedectomy and tympanoplasty [Farrior], *338 (O)
transplants in footplate area [Wither & Richmond], *312 (O)

Granuloma
corticotropin in lethal, of nose and face [Hagens), *183 (Ag)

H

Head
rehabilitative functional surgery in neck and [Conley], *581 (D)

Hearing
Békésy audiometry in nonorganic auditory problems [Resnick & Burke], *38 (Jl)
findings, audiologic, in seventy-three severe poliomyelitis patients [McConnell & Batson], *32 (Jl)
function, auditory, and intracranial lesions [Parker et al.], *425 (N)
loss: See also Deafness
loss: audiofrequency conversion aid for rehabilitation in neurosensory [Raymond & Proud], *436 (N)
loss: mastoid pneumatization and its function [Diamant], *390 (N)
medical audiology [Sataloff], *283 (S)
polyethylene-stainless steel core in middle ear surgery: audiologic follow-up [Bluestone], *303 (O)
threshold shift, temporary, in normal and abnormal ears [Sataloff et al.], *52 (Jl)

Hearing tests: See also Audiometry
clinical application of [Harbert & Young], *55 (Jl)

Heart
acquired, diseases: chronic tonsillitis problem in surgical treatment of [Palchun], *562 (D)
experiences with cardiopulmonary resuscitation [Head et al.], *178 (Ag)
external cardiac massage (editorial) [Shambaugh], 99 (Ag)

Hemotympanum
idiopathic [Armstrong & Nash], *447 (N)

Histology
changes produced by kanamycin: early histologic manifestations in inner ears of cats [Reddy & Igarashi], *146 (Ag)

Hyperplasia: See Hypertrophy and hyperplasia

Hypertrophy and hyerplasia
laryngeal granular-cell myoblastoma: appearance with pseudoepitheliomatous hyperplasia [Ward & Oshiro], *239 (S)

Hypothermia
nasopharyngeal angiofibroma: removal with [Pressman], *167 (Ag)

I

Influenza
vaccine (editorial) (Shambaugh], 487 (D)

Injections
intranasal, of long-acting corticosteroids [Baker & Strauss], 579 (D)
techniques of intracordal: vocal rehabilitation of paralytic dysphonia [Arnold], *358 (O)

Injuries: See under Wounds and injuries

K

Kanamycin
changes produced by: early histologic manifestations in inner ears of cats [Reddy & Igarashi], *146 (Ag)

King-Anderson Bill
doctors, public and (editorial) [Shambaugh], 197 (S)

L

Labyrinthitis
pneumococcic otitis media, meningitis, and [Igarashi & Schuknecht], *126 (Ag)

Laryngeal nerve
idiopathic paresis of recurrent: new treatment with cortisone preparations [Miodonski], *275 (S)

Laryngocele ventricularis
[Fredrickson & Ward], *568 (D)

Larynx: See also Glottis, Vocal cords
benign lesions removal of, under endotracheal anesthesia [Suehs], 578 (D)
cancerogenic effect of x-ray on [Wlodyk], *372 (O)
granular-cell myoblastoma, laryngeal [Ward & Oshiro], *239 (S)
injuries of cervical trachea and [Fitz-High et al.], 575 (D)
laryngectomy, total, followed by radiotherapy instead of "prophylactic" neck dissection [Simonetta & Giaccai], *451 (N)
laryngocele ventricularis [Fredrickson & Ward], *568 (D)
papilloma of, studies [Holinger et al.], 576 (D)
physiology, laryngeal, investigations: canine larynx [Brewer et al.], 579 (D)
prosthesis use in trachea and [McCall & Whitaker], 574 (D)
tumors, benign laryngeal, in children: management of [O'Neal & McGee], 578 (D)

LETTERS TO EDITOR
hypophysectomy as rhinological procedure [Hirsch], 481; [Macbeth], 482 (N)
hyophysectomy [Macbeth], 289 (S)
medical terminology: neurosensory or neurosensorial? [Williams], 482; [Shambaugh], 482 (N)
treatment for nasal vestibulitis [DeWeese], 191 (Ag)
treatment of carcinoma of postcricoid region [Zerdes], 191 (Ag)

Lungs
experiences with cardiopulmonary resuscitation [Head et al.], *178 (Ag)
infections, respiratory, and antimicrobial therapy [Saunders], *188 (Ag)
primary amyloid tumor: cause of middle lobe syndrome [Kronschnabel & Landis], *233 (S)
respiratory cilia: milestones in research of upper [Tremble], *346 (O)

M

Mastoid: See also Temporal bone
cerebral abscess after obliterative mastoid operation [Beales], *123 (Ag)
mastoidplasty [Austin & Sanabria], *414 (N)
pneumatization and its function [Diamant], *390 (N)
stapedectomy and tympanoplasty: mastoidectomy [Farrior], *338 (O)

Mastoiditis
facial nerve paralysis and [Steinberg et al.], *222 (S)

Maxilla
infectious osteonecrosis of [Johnson et al], *558 (D)

Maxillary sinus
meningioma of [Hill], *547 (D)
paranasal juvenile angiofibroma [Hora & Brown], *457 (N)

Ménière's disease
four years of ultrasound in [Ariagno], *18 (Jl)

Meningioma
of maxillary sinus [Hill], *547 (D)

Meningitis
pneumococcic otitis media, meningitis, and labyrinthitis [Igarashi & Schuknecht], *126 (Ag)

Microbiology
of external otitides in Puerto Rico [Reichard et al.], *7 (Jl)

Mucous membrane
tolerance of respiratory, to trauma [Hilding & Hilding], 577 (D)

Musculotympanoplasty: See under Tympanoplasty

Mutism: See Deafmutism

Myoblastoma
laryngeal granular-cell: appearance with pseudoepitheliomatous hyperplasia [Ward & Oshiro], *239 (S)

N

Nasal septum
septal dermatoplasty—observation, technique, and results [Lewy & Hammond], 575 (D)

Nasopharynx
angiofibroma, nasopharyngeal: removal with hypothermia [Pressman], *167 (Ag)

Neck: See also Branchial region
dissection: total laryngectomy followed by radiotherapy instead of "prophylactic" [Simonetta & Giaccai], *451 (N)
rehabilitative functional surgery in head and [Conley], *581 (D)

Necrosis
infectious osteonecrosis of maxilla [Johnson et al.], *558 (D)

Nerves
greater auricular nerve: donor for facial nerve grafts [Alberti], *422 (N)
laryngeal nerve: idiopathic paresis of recurrent [Miodonski], *275 (S)
vagus nerve: schwannoma of cervical portion of [Pang], 577 (D)

Neurilemmoma
Schwannoma of cervical portion of vagus nerve [Pang], 577 (D)

NEWS AND COMMENT, 94 (Jl), 193 (Ag), 288 (S), 382 (O), 476 (N), 586 (D)

Nose
carcinoma: surgical treatment of [Converse & Smith], 580 (D)

Nose—continued
corticotropin in lethal granuloma of, and face [Hagens], *183 (Ag)
injections, intranasal, of long-acting corticosteroids [Baker & Strauss], 579 (D)
papillary lesions of sinuses and [Smith & Decker], 580 (D)

O

Osteonecrosis: See under Bone and bones

Otitis externa
facial nerve paralysis and mastoiditis: secondary to [Steinberg et al.], *222 (S)

Otitis media
and complications 1961 [Dysart], *277 (S)
pneumococcic, meningitis and labyrinthitis [Igarashi & Schuknecht], *126 (Ag)
skin from external meatus used in treatment of [Miodoński], *2 (Jl)

Otolaryngology
plastic surgery, otolaryngologic, 1961 [Becker], *469 (N)

Otosclerosis
Teflon piston operation for [Shea et al.], *516 (D)

P

Palpation
value of, of carotid artery [Poushter], *460 (N)

Papilloma
of larynx studies [Holinger et al.], 576 (D)

Paralysis, facial nerve: See Facial nerve, paralysis

Paralytic dysphonia: See Dysphonia, paralytic

Paranasal sinus: See also Frontal sinus, Maxillary sinus, Sinusitis
papillary lesions of sinuses and nose [Smith & Decker], 580 (D)

Parotid gland
epithelial malignances of [McCabe & Boles], 577 (D)

Pendred's syndrome
deafness with sporadic goiter [Batsakis & Nishiyama], *401 (N)

Penicillin
respiratory infections and antimicrobial therapy [Saunders], 188 (Ag)

Pharynx: See also Nasopharynx
induced pharyngeal sensations and reflexes: observations [Pastore], 578 (D)
rehabilitation of airway system (hypopharynx) by regional flap transposition [Conley], 575 (D)

Phoniatics
vocal rehabilitation of paralytic dysphonia: phoniatric methods of vocal compensation [Arnold], *76 (Jl)

Plastic surgery
otolaryngologic, 1961 [Becker], *469 (N)
septal dermatoplasty: observations, technique, and results [Lewy & Hammond], 575 (D)

Pneumococcal infections
otitis media, pneumococcic, meningitis, and labyrinthitis [Igarashi & Schuknecht], *126 (Ag)

Poliomyelitis
audiologic findings in seventy-three severe, patients [McConnell & Batson], *32 (Jl)

Polyethylene
-stainless steel core in middle ear surgery [Bluestone], *303 (O)

POSTGRADUATE EDUCATION
American Society of Clinical Radiology: annual meeting, St. Petersburg, Fla., Jan. 1963, 585 (D)
American Society of Facial Plastic Surgery: meeting cancelled, 289 (S)
Austrian Society of Otolaryngology meeting Innsbruck, Austria, Oct. 1962, 193 (Ag)
French Congress of Otorhinolaryngology, Paris, Oct. 1962, 193 (Ag)
Hungarian Society of Otorhinolaryngology: International Congress, Budapest, Sept. 1963, 382 (O), 585 (D)
Indiana University School of Medicine: postgraduate course in anatomical and clinical otolaryngology, 585 (D)
Kansas City Society of Ophthalmology and Otolaryngology: postgraduate course, 193 (Ag)
Leiden University, Holland, and American Rhinologic Society: two courses in rhinology, 288 (S)
Loma Linda University School of Medicine: course in surgery of nasal septum, 288 (S)
Los Angeles Research Study Club: annual mid-winter convention in ophthalmology and otolaryngology, 585 (D)
Mount Sinai Hospital, New York, and Columbia University: postgraduate courses, 94 (Jl), 476 (N)
New York Polyclinic Medical School and Hospital: course in stapes surgery, 94 (Jl)
Northwestern University Medical School, Department of Otolaryngology: workshop on reconstructive middle ear surgery, 288 (S), 585 (D)

POSTGRADUATE EDUCATION—continued
Pan-Pacific Surgical Association: Otolaryngological Program at Ninth Congress; and first Pan-Pacific Mobile Educational Lecture Seminary, Nov. 1963, 94 (Jl), 193 (Ag), 288 (S), 382 (O)
Presbyterian Hospital, Philadelphia, Institute of Otology: course in microsurgery for otosclerosis, 193 (Ag), 585 (D)
Presbyterian Hospital, Philadelphia, Institute of Otology: course in tympanoplastic surgery, 585 (D)
Royal College of Surgeons of England, London: First British Academic Conference in Otolaryngology, June 1963, 476 (N)
Temple University: postgraduate courses in bronchoesophagology, 95 (Jl)
University of Bordeaux: International Symposium on Radiology in Otolaryngology, April 1963, 476 (N)
University of Illinois College of Medicine, Department of Otolaryngology: annual otolaryngologic assembly, 94 (Jl), 193 (Ag), 288 (S)
University of Illinois College of Medicine: postgraduate course in laryngology and bronchoesphagology, 95 (Jl)
University of Pennsylvania Graduate School of Medicine, Department of Neurology and Psychiatry: course in medical hypnosis, 288 (S)

PROGRESS REPORT
otitis media and complications 1961 [Dysart], *277 (S)
otolaryngologic plastic surgery, 1961 [Becker], *469 (N)
rehabilitative functional surgery in head and neck [Conley], *581 (D)
respiratory infections and antimicrobial therapy [Saunders], *188 (Ag)
tympanoplasty—1961 [Proctor], *377 (O)

Prosthesis
replacement of carotid arteries with prosthetic graft [Rella et al.], *550 (D)
use in larynx and trachea [McCall & Whitaker], 574 (D)

Psychiatry
disease, psychiatric, and functional dysphonia and aphonia [Guze & Brown], *84 (Jl)

Puerto Rico
microbiology of external otitides in [Reichard et al.], *7 (Jl)

Pup-show
portable: further modification of pup-show [Sullivan et al.], *49 (Jl)

R

Radiation: See Roentgen rays

Radiography
polyethylene-stainless steel core in middle ear surgery: radiographic follow-up [Bluestone], *303 (O)

Radiotherapy
total laryngectomy followed by, instead of "prophylactic" neck dissection [Simonetta & Giaccai], *451 (N)

Rehabilitation
aid for, in neurosensory hearing loss: audiofrequency conversion [Raymond & Proud], *436 (N)
functional surgery, rehabilitative, in head and neck [Conley], *581 (D)

Research
milestones in, of upper respiratory cilia [Tremble], *346 (O)

Respiratory tract infections
respiratory infections and antimicrobial therapy [Saunders], *188 (Ag)

Resuscitation
experiences with cardiopulmonary [Head et al.], *178 (Ag)

Roentgen rays
cancerogenic effect of x-ray on larynx [Wlodyka], *372 (O)
radiation fallout hazard in peace time (editorial) [Shambaugh], 389 (N)
reduction of zygomatic arch fracture: x-ray control at time of surgery [Yanagisawa & Reichensperger], *355 (O)

S

Salivary gland
choristoma of middle ear [Steffen & House], *74 (Jl)

Scapula
Sprengel's deformity and Waardenburg syndrome: deafmute with two congential syndromes [Stoller], *42 (Jl)

Schwannoma: See Neurilemmoma

Sclerosis
tympanosclerosis [Sheehy & House], *151 (Ag)

Sinusitis
in children with bronchiectasis [Szpunar and Okrasinska], *352 (O)

Skin transplantation
tympanoplasty today: combined skin grafts [Wullstein], *295 (O)

SOCIETY TRANSACTIONS
American Laryngological Association, 574 (D)

Sprengel's deformity: See under Scapula

Stainless steel
polyethylene- stainless steel core in middle ear surgery [Bluestone], *303 (O)

Stapes
by-pass surgical techniques in stapes surgery [Shambaugh], *542 (D)
experimental stapes surgery: practical impressions [Bellucci], *511 (D)
interesting stapes surgery report [Gardy & Goodwin], *47 (Jl)
malleolostapedial transposition in middle ear surgery [Rubinstein et al.], *323 (O)
prefabricated wire loop-Gelfoam stapedectomy [House], *298 (O)
stapedectomy and tympanoplasty [Farrior], *140 (Ag), *227 (S), *338 (O)
stapedectomy as definitive procedure [Scheer], *522 (D)
stapedectomy failures: analysis and management of some [Myers et al.], *532 (D)
transplants in footplate area [Withers & Richmond], *312 (O)

Staphylococcus infections
respiratory, and antimicrobial therapy [Saunders], 189 (Ag)

T

Teflon
piston operation for otosclerosis [Shea et al.], *516 (D)

Telangiectasia
hereditary hemorrhagic [Saunders], *245 (S)

Temporal bone: See also Mastoid
atheromatous changes in human internal carotid artery: as seen in sections of [Radpour et al.], *261 (S)
operative injury to facial nerve: occurrence during operations on [Rulon & Hallberg], *131 (Ag)
pneumococcic otitis media, meningitis, and labyrinthitis: human temporal bone report [Igarashi & Schuknecht], *126 (Ag)

Tetracyclines
respiratory infections and antimicrobial therapy [Saunders], 189 (Ag)

Thrombophlebitis
cerebral: circumscribed, benign [Benciolini], *398 (N)

Thyroid gland
lingual, with cervical athyreosis [Rosedale], *555 (D)
Pendred's syndrome: deafness with sporadic goiter [Batsakis & Nishiyama], *401 (N)

Tongue
thyroid, lingual, with cervical athyreosis [Rosedale], *555 (D)

Tonsillitis
chronic: problem in surgical treatment of acquired heart disease [Palchun], *562 (D)

Trachea
carcinoma of [Frable & Wheelock], 174 (Ag)
injuries of cervical, and larynx [FitzHugh et al.], 575 (D)
prosthesis use in larynx and [McCall & Whitaker], 574 (D)
rehabilitation of airway system by regional flap transposition [Conley], 575 (D)
removal of benign lesions of larynx under endotracheal anesthesia [Suehs], 578 (D)
respiratory mucous membrane tolerance to trauma: surgical swabs and intratracheal tubes [Hilding & Hilding], 577 (D)

Transplantation: See Grafts and grafting

Tumors
laryngeal, in children: management of benign [O'Neal & McGee], 578 (D)
primary amyloid: cause of middle lobe syndrome [Kronschnabel & Landis], *233 (S)

Tympanic membrane
idiopathic hemotympanum — fact or fancy? [Armstrong & Nash], *447 (N)
tympanosclerosis [Sheehy & House], *151 (Ag)

Tympanoplasty
one-stage and two-stage [Miodonski], *2 (Jl)
one-stage endaural musculotympanoplasty [Frerichs & Williams], *23 (Jl)
1961 [Proctor], *377 (O)
stapedectomy and [Farrior], *140 (Ag), *227 (S), *338 (O)
today: large and small cavities, closed eustachian tube, combined skin grafts [Wullstein], *295 (O)
